"कर्मण्येवाधिकारस्ते मा फलेषु कदाचन।"

"You have the right to perform your duty, but not to the fruits thereof."
— Bhagavad Gita 2.47

At Mahavir International Delhi, this timeless teaching has always been our guiding philosophy. Every initiative we undertake is inspired by selfless service, compassion, and an unwavering commitment to humanity.

The year **2025–26** has been another remarkable chapter in our journey of transforming lives through quality healthcare and community service. Whether it is **restoring eyesight through cataract surgeries, reaching underserved communities through health camps and mobile medical units, empowering women through skill development & counselling or strengthening our healthcare infrastructure with modern technology,** every step has been driven by our mission of **"Service to Humanity." The number of cataract surgeries performed in the year stood at an all-time high of 2,563 which is 17.35 % higher than the previous year.**

We also embarked on a journey to strengthening the other pillar of human development – namely education. Tutorial/remedial education of 70 underprivileged children was accordingly commenced in our Nabi Karim centre.

What makes these achievements truly meaningful is not the scale of our work, but the countless lives that have found hope, dignity, and a brighter future because someone cared. Behind every patient treated, every eye restored, and every family supported lies the collective dedication of **our doctors, staff, volunteers, Life Members, donors, CSR partners, and well-wishers.**

I extend my heartfelt gratitude to every stakeholder who has walked this journey with us. Your faith strengthens our resolve, and your partnership enables us to serve those who need us the most.

The road ahead presents both opportunities and challenges. The increased level and diversification of our outreach in the marginalised communities, wherein more than __ crores were dedicated to empowering the underprivileged, has rightfully increased expectations of our stakeholders. However all this requires continued and committed support of our sponsors – corporate and individuals. MID, therefore, reaffirms its commitment to the principle of

"परोपकाराय सतां विभूतयः।"

"The true wealth of the noble is dedicated to the welfare of others."

and most humbly seeks the support in any form of all our valued stakeholders - such as you to help create a future where healthcare is accessible, hope is abundant, and every life is valued.

With Gratitude,

Building Trust. Inspiring Change. Transforming Lives.

"The greatest investment we can make is not in buildings or technology, but in the health, dignity, and future of every human life we touch."

Every new year presents an opportunity to reflect, renew, and recommit ourselves to the purpose that defines Mahavir International Delhi. As I look back on the journey of **2025–26**, I feel deeply honoured to witness the remarkable impact that collective compassion, dedication, and teamwork have created across countless lives.

At Mahavir International Delhi, we do not simply provide healthcare—we build hope. Every patient who walks into **our hospitals carries a story, a struggle, and a dream for a healthier tomorrow.** It is our privilege to become a part of that journey by offering not only medical care but also **empathy, respect, and reassurance.**

Throughout the year, we continued to strengthen our healthcare ecosystem by **enhancing medical infrastructure, embracing digital advancements, expanding outreach services, and improving patient experience.** Our hospitals, mobile medical units, outreach clinics, and community health programmes enabled us to reach people who often have limited access to quality healthcare. Alongside our healthcare initiatives, **our efforts in women empowerment, skill development, education, and community welfare continued to nurture confidence, self-reliance, and opportunity.**

Digital transformation has also emerged as an important part of our journey towards a more efficient and accessible healthcare system. With the valuable support of GAIL, we have taken significant steps towards strengthening our digital healthcare infrastructure through the provision of laptops and printers for the implementation of HIMS. This initiative is helping us move towards more systematic, technology-enabled healthcare management and improved access to information. We are grateful to GAIL for providing us with this opportunity to embrace digital transformation.

We have also, with the generous support of ONGC, continued to support the future of the nation by developing essential digital skills. The facility is also benefiting our staff members, who are able to participate in computer learning and training sessions. This initiative reflects our belief that digital empowerment should extend beyond technology and contribute to the learning, growth, and development of both our students and our people.

As we step into a new era of digital transformation, Mahavir International Delhi has also begun embracing Artificial Intelligence and emerging technologies to make our processes smarter, faster, and more efficient. From supporting routine tasks and information management to enabling better analysis and productivity, AI is opening new possibilities for our organization. We see technology not as a replacement for human effort and compassion, but as a tool that empowers our people to serve better and create greater impact.

One of the defining strengths of Mahavir International Delhi has always been its people. Our doctors, healthcare professionals, employees, volunteers, Life Members, donors, CSR partners, and well-wishers have demonstrated that when individuals unite with a common purpose, even the most difficult challenges can be transformed into meaningful achievements. Their unwavering commitment continues to inspire our journey every single day.

As we move forward, let us remember that every act of kindness has the power to change a life. Together, we will continue to create an organization that is trusted for its excellence, admired for its compassion, and remembered for the lives it transforms.

"Service is not measured by the number of hands that work, but by the number of hearts that heal."

Together, let us continue to transform compassion into action and hope into a brighter future.

With Best Wishes,

Sh. Ashhok Kumar Jain

Where Every Rupee Carries a Responsibility, and Every Effort Carries a Purpose

"सेवा परमो धर्मः"

Service is the highest form of duty.

At Mahavir International, this simple thought has always been more than a phrase—it is a way of life.

When we look back at the year gone by, we do not see only figures in a balance sheet. We see the **faith of our donors, the dedication of our team, the prayers of families, the smiles of beneficiaries and the countless acts of service that quietly touched lives.**

For a not-for-profit organisation, financial strength is not an end in itself. It is a means to serve better, reach further and stand stronger when society needs us most. **Every contribution entrusted to us is therefore not merely a donation; it is a responsibility placed in our hands.**

The year **2025–26** has further strengthened this commitment. Mahavir International recorded a total income of **₹9.82 crore, of which ₹2.03** crore was utilised for **capital expenditure (Capex)**, while **₹6.80** crore was allocated to **healthcare, community outreach, laboratory services, awareness, and welfare initiatives.**

But behind these numbers are human stories.

There is a patient who found hope through healthcare.
A family that received support when it mattered.
A community reached through **Doctor at Door Step**.
A person who benefited from our welfare initiatives.
And a donor who chose to believe that their contribution could become someone else's reason to smile.

This is where the true meaning of our accounts lies.

Our **Doctor at Door Step initiative**, with expenditure of approximately **₹2.54 crore**, reflects our belief that healthcare should not always wait for people to reach a hospital; sometimes, **care must travel the extra mile to reach people where they are.**

Likewise, our hospital services continued to remain an important pillar of our work, with approximately **₹3.04 crore** spent towards hospital-related activities.

As the saying goes, **"A journey of a thousand miles begins with a single step."** Every initiative of Mahavir International has grown from that single step—an idea, a contribution, a volunteer, a helping hand or a compassionate heart.

Responsible stewardship means ensuring that resources are managed with care, transparency and foresight, while never losing sight of the people for whom those resources exist.

Yet, numbers alone can never tell the whole story.

A balance sheet can tell us **what we have**.
It can tell us **what we received** and **what we spent**.
But it cannot fully tell us **what those resources meant to a person whose life was touched by our service.**

That is a story written not in rupees, but in **human dignity, compassion and hope.**

I am deeply grateful to every donor, member, volunteer, doctor, staff member, well-wisher and supporter who has contributed to this journey. Their faith gives meaning to our numbers and purpose to our work.

As we look ahead, may we continue to remember:

"तमसो मा ज्योतिर्गमय"
Lead us from darkness to light.

May Mahavir International continue to be a bridge between **those who wish to serve and those who need support**.

May every rupee entrusted to us become an instrument of compassion.
May every initiative create a meaningful difference.

And may every year leave behind not merely stronger financial statements, but **stronger communities and more hopeful lives.**

Because ultimately, the greatest balance sheet is not the one that shows what an organisation has accumulated—it is the one reflected in the lives it has touched.

With gratitude and commitment,

Abha Jain

Mahavir International, Delhi

A Non-Religious Social Service Organization

Who We are & What We Do

Mahavir International Delhi (MID) was established in 1979 and has been engaged in social service activities since its inception.

OUR VISION

Work selflessly and tirelessly towards laying foundation of creating a healthy society with special focus on timely diagnosis of diseases to prevent their aggravation in order to improve overall health of disadvantaged sections of society while aiming for a cataract free Delhi and ultimately, the rest of India.

OUR MISSION

To expand reach and spread of health care facilities by organizing one mobile health check-up Camp a day in rural, remote and Jhuggi clusters areas by empowering people, especially women by creating knowledge and awareness about need for better health and hygiene through sustained publicity and prevention of diseases. Manage and operate more free or affordable medical and diagnostic centers and set up our own eye bank.

OUR MAJOR FOCUS

Mahavir International's primary focus is health care with special emphasis on Eye care. Its motto is 'Love All Serve All' and mission is to make 'Delhi Cataract Free' as the said ailment is the major cause of blindness in the country (66% as per AIIMS report of 2018). It also works towards the elimination of blindness by motivating people for “Eye Pledge” and for “Eye donation” of those who have passed away. We have 3 charitable hospitals in Delhi. Our focus is on quality health services for the underprivileged in the city – including daily wagers, street vendors, migrant labour and their families with care, concern and compassion. OPD services are provided at nominal registration fee, along with free medicines and diagnostic tests at highly subsidized rates.

OUR OTHER SIGNIFICANT PROJECTS

1. DOCTOR AT DOOR STEP

"If patients can't reach the Doctor then Doctor must reach the Patients" - MID

Out of these, 310 camps and more than 90,000 consultations were conducted in FY 2025–2026 alone. These health check-up facilities are offered either in remote locations with limited access to quality healthcare or at locations in and around the premises or operations of our sponsors. The services provided during these camps include consultations with general physicians, lady doctors, eye specialists, optometrists, along with ECG and blood tests as required, and the distribution of medicines and spectacles. Patients diagnosed with cataracts are further facilitated with free or subsidized corrective surgeries at MID centers or our affiliated hospitals. Acknowledging the impact of these camps in terms of taking health care to the Doorstep of the poor, various leading Business and Corporate Houses including Public Sector Enterprises and Bank have come forward to give us grant for conduct of the same. They include ONGC, IOCL, HPCL, GAIL, IGL, PETRONET LNG LTD., EIL, CONCOR, RITES, ALIMCO, NBCFDC, NSFDC, SAFEXPRESS, RAJDHANI FLOUR MILLS, VIBES, MARC and others.

2 EYE CARE DAY - 2025

The programme was a **perfect blend of purpose and celebration**, reminding us that *"the smallest act of kindness can cast the longest shadow."*

The event commenced with the arrival of our esteemed staff members, doctors, their families, and representatives from partner NGOs. As everyone moved to the auditorium, the soulful recorded prayer ***"Meri Bhavana"*** set a serene and devotional tone for the evening.

Today is about you: your growth, your aspirations, and what support you need to do your best work.**Chairman Shri K. Narayan** brought out that when people talk about an NGO, they often talk about projects, beneficiaries, funding, or impact reports. But I want to say something clearly: our greatest asset is our people. If you are growing, confident, and stable in your personal life, you naturally serve with more energy, clarity, and compassion.

The atmosphere soon blossomed into joy and celebration with heartfelt performances by **Children of Shakti Foundation** and **Mrs. Mona Singh Jain**. The felicitation ceremony honoured our dedicated partner NGOs, acknowledging their invaluable service in the presence of distinguished dignitaries including Chairman **Shri K. Bhandari, esteemed patrons** and **guests, and senior leadership of MID,** symbolised the spirit of enlightenment and service.

A heartfelt welcome by Chairman **Shri K. Narayan** paved the way for an inspiring film showcasing MID's activities and the noble cause of eye donation. The audience joined hands in a collective *eye pledge,* reinforcing the belief that ***"giving sight is giving life."***

One of the most emotionally stirring moments was the felicitation of Eye Donor Facilitator & Eye Donors' families—an expression of gratitude to those who believe in creating light even after life. It was followed by **felicitation of our esteemed sponsors** and **contributors, true Philantropists**. During the felicitation Executive Chairman **Shri Ashhok Jain highlighted their generous support as a vital force behind the NGO's initiatives** and **continued impact in the community.**

Expressing sincere appreciation, he emphasized that such partnerships strengthen the organization's mission and inspire greater collective responsibility. His gracious words added dignity to the occasion and made the sponsors and supporters feel truly valued for their contribution.

Another highlight of the evening was the release of **Souvenir 'Jan Sewa'** and the **LM Directory,** a testament to MID's growing legacy. This was followed by inspiring addresses from Patron **Shri S. K. Jain,** Chief Guest **Shri Anuj Jain,** and **Justice Bhandari,** each sharing words of wisdom that resonated deeply. As the night blossomed, the audience was swept away by a captivating **musical performance by the Milind Oak Group- A Musical on A. R. Rahman,** turning the auditorium into a celebration of rhythm, emotion, and unity. The performers were later felicitated for their enthralling contribution to the evening.

The event gracefully concluded with a heartfelt **Vote of Thanks** by Director Medical **Brig. Dr. R. S. Bhatia** followed by the **National Anthem**—a moment that filled every heart with pride.

VIRA VISION & THEIR ACTIVITIES

"Vira Vision" as the name suggests, comprises of a group of women members of MID working with compassion for all underprivileged in general and for women in particular. We adopt and implement some of the national projects initiated by MI Apex besides running our own local projects. There were three board meetings held of Vira Vision. Some of notable activities are enlisted below…

1. MOTHER & CHILD CARE :under which we undertake distribution of baby kits for new born and sanitary napkins for mothers at government hospitals besides counselling the latter on cleanliness/hygiene.

2. SWAVLAMBAN project, to vocationally empower women. This programme includes Sewing Classes being conducted in coordination with Singer. These training programmes are being conducted at our centres and till date **214** women especially youth have benefitted from these initiatives.

3. SWASTHYA SAHELI is another novel project to counsel women who visit our three centres on menstrual hygiene and breast feeding. Further, the counselling is done by women trained as General Duty Assistants as part of our **Swavlamban project.** Since its inception in March 2023, around **40,856** for Menstrual Hygiene & **7,939** for Breast feeding women have benefitted from this initiative till March 2026.

4. OTHER WELFARE ACTS which are carried out round the year such as Khushiyon ka Bazaar involving sale of cloths and other consumables against a token price, support to institutions caring for Alzheimer patients, financial aid for patients with limited means etc.

5. PROJECT JANITRI is an ongoing initiative dedicated to creating awareness about pre- and post-natal health issues among pregnant women and new mothers through specially conducted workshops at our centres. This includes distribution of baby kits and nutrients to the attendees. Total No. of **2,902** Pregnant and Lactating Mothers got benefited through this initiative.

Another redeeming feature of these interventions is that the Viras personally contribute to support these impactful projects and also interact one on one with the beneficiaries making them feel loved.

Vira Vision hopes to carry on with the above initiatives as also new ones with the spirit of **Love All Serve All'** in the coming times.
